DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's attorney, Mr. Gregory A. Stobbs, on 5/11/2005. The application has been amended as follows:

Claims 1 and 15 have been cancelled.

Claim 6 has been amended to depend on claim 3.

Claim 11 has been amended to depend on claim 3.

Allowable Subject Matter

2. Claims 3-14 and 16 are allowed over prior art of record.
3. The following is an examiner's statement of reasons for allowance: Jiang et al. (US Patent No. 6539353) disclose a confidence measuring method based on weighted confidence measure scores for each sub-word unit in the word. Laurila (EP 1020847) discloses a method for multistage speech recognition using confidence measures. Both Jiang et al. and Laurila fail to teach or suggest the step of dividing a minimum value of a speech recognition score by an average value of the speech recognition score over a

predetermined period of time such that matching ratio results, the average value defining an estimated background score. Furthermore, it would have not been obvious to one of ordinary skill in the art at the time of invention to modify Jiang et al. and/or Laurila to obtain the claim invention. Therefore, claims 3-14 and 16 are allowed over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
